

Analysis of Employer's feedback regarding Curriculum Academic Session 2024-25

The students of our college are working in different organisations at different designations. We are really thankful and obelized to the employer's as they have given the opportunities to our students and giving their precious feedback regarding the curriculum for future developments.

Methodology

The feedback from students on design and review of curriculum was obtained through structured questionnaire which included 10 questions on various aspects of curriculum. A five point Likert Scale has been used with weights assigned from 1 to 5 to different levels as follows:

1. Strongly Disagree
2. Disagree
3. Neutral
4. Agree
5. Strongly Disagree

The Range of each order or level is determined by the following formula:
(Highest point in Likert Scale- Lowest point in Likert Scale)/ Number of levels used
Therefore, Range= $(5-1)/5=4/5=0.8$

Hence,

Range for 'Strongly Disagree' is	1.0 to 1.8
Range for 'Disagree' is	1.8 to 2.6
Range for 'Neutral' is	2.6 to 3.4
Range for 'Agree' is	3.4 to 4.2
Range for 'Strongly Agree' is	4.2 to 5.0
