Result Analysis of Parent's Feedback Regarding Curriculum (2019-20)

Ismail National Mahila (PG) College aims to offer the best possible learning environment to the students. Parents have entrusted the future of their children into our hands and thus they play a very important role in the development and enhancement of the quality of teaching and learning in the college. The parent's feedback is very important as parental involvement not only helps parents contribute positively to their wards learning experience but also can be an indicator of the quality of the curriculum imparted by the college.

Objectives of Parent's feedback:

Parent's feedback has the following objectives: -

1. To Provide parents the opportunity to comment on the quality of their ward's learning experience, as required in preparation for and as part of review process.
2. To assess the success of academic provision in relation to the expectations of the parents and the students.
3. To provide feedback to the faculties in order to improve delivery and/or content of the curriculum.

Methodology

The feedback from parents on design and review of curriculum was obtained through Structured Questionnaire which included 10 questions on various aspects of curriculum. A five point Likert Scale has been used with weights assigned from 1 to 5 to different levels as follows:

1. Strongly Disagree
2. Disagree
3. Neutral
4. Agree
5. Strongly Disagree

The Range of each order or level is determined by the following formula:

(Highest point in Likert Scale- Lowest point in Likert Scale)/ Number of levels used

Therefore, Range= $(5-1)/5=4/5=0.8$

Hence,

Range for 'Strongly Disagree' is	1.0 to 1.8
Range for 'Disagree' is	1.8 to 2.6
Range for 'Neutral' is	2.6 to 3.4
Range for 'Agree' is	3.4 to 4.2
Range for 'Strongly Agree' is	4.2 to 5.0

Data Analysis and Interpretation
