## **Result of Analysis of Student's Feedback Regarding Design, Structure, Review and Resources of Curriculum (2019-20)**

Ismail National Mahila (PG) College aims to offer the best possible learning environment to the students in order to enable them to perform to their full potential and compete with ability in emulation. In our view Students' feedback related to curriculum is very significant to enhance the quality of teaching and learning experience. Feedback from students allows them the opportunity to comment on various aspects of curriculum.

### **Methodology**

The feedback from students on design and review of curriculum was obtained through Structured Questionnaire which included 12 questions on various aspects of curriculum. A five point Likert Scale has been used with weights assigned from 1 to 5 to different levels as follows:

1. Strongly Disagree
2. Disagree
3. Neutral
4. Agree
5. Strongly Disagree

The Range of each order or level is determined by the following formula:  
= (Highest point in Likert Scale- Lowest point in Likert Scale)/ Number of levels used

Therefore, Range=  $(5-1)/5=4/5=0.8$  Hence,

Range for 'Strongly Disagree' is	1.0 to 1.8
Range for 'Disagree' is	1.8 to 2.6
Range for 'Neutral' is	2.6 to 3.4
Range for 'Agree' is	3.4 to 4.2
Range for 'Strongly Agree' is	4.2 to 5.0
